

Tour of Gusmer Enterprises

Steve Nieland

Director of Product and Process Development

January 31, 2008 7:30 PM

Gusmer Enterprises has been providing solutions to liquid filtration process industries since the early 1900's. The company serves a diverse variety of markets including food, beverage, edible oil, bio-pharmaceutical, nutraceutical, chemical processing, laboratory animal, and home enhancement. Their products are used by customers such as Amgen, Genentech, McDonald's, Anheuser-Busch, Coors, Dial, Kind and Knox, Eastman Chemical/Gelatin, Millipore, and EJ Gallo to name a few. The presentation will include a brief background on the company and depth filtration in general as well as a plant tour.

*** About the Speaker ***

Steve Nieland was born and raised in Waupaca, WI where he returned after working for Bell Laboratories, Bemis Corporation, and owning his own consulting firm for eight years. He has been with Gusmer's facility in Waupaca since 1991. Over the past seventeen years he has held positions in engineering, as Production Manager, and was Corporate IT Director before assuming his current role leading research and development. He holds degrees in electronics and chemistry as well as additional studies in paper science, computer science, and electrical engineering.

Gather at Simpson's Restaurant, 222 S. Main St., Waupaca, at 5:30 p.m. Order off the menu by 6:00. Please make dinner reservations by calling Steve Nieland at 715-258-5525 x 114 or e-mailing him at snieland@gusmerenterprises.com.

To get to Simpson's from points west exit highway 10 at Fulton St. (same exit as Hwy 54 west). Go east on Fulton Street into town. Continue on Fulton to Main St. (third traffic light). Turn right (south) on Main. Simpson's will be two blocks ahead on the right (next to the movie theater).

Meet at Gusmer Enterprises, 1401 Ware St., at 7:30. Please consult the map for directions to Gusmer Enterprises.
