

Currently, in the Rules, it states: "The design and construction evaluation is worth 100 possible points total (50 pts. and Road America and 50 pts. at Fox Valley Tech.)."

I realize that in the past there has only been a Car Show at Fox Valley. Is there time to do a Car Show at Road America?

If not, we can assign the 100 pts. for the Car Show at Fox Valley, however, if schools aren't attending Fox Valley and only attending Road America, they wouldn't get these 100 pts. toward the Overall Season Winner.

Remember though...there will still be an overall winner at each event too.

Thoughts?

I would love to see a car show start up at Road America. RA no longer has the Sunday Night Motorcycle races, and we are not having a night race to my knowledge, so there is time in the day/evening to have such a car show, however I am not aware of the constraints that RA puts on us with use of their track. Does cost go up more if we are there later in the evening?
