

Research Committee Meeting Agenda
December 16, 2008
9:00-3:00
Room 110 TNR, UW-Stevens Point

1. Abbie's general impressions of the inventory (areas that have strong areas of research, weaker areas, topic areas that are covered, those that have limited or no coverage, etc.).
2. Confirming research inventory is complete—what might be missing?
3. Discussions on making the database “searchable”; what will people be looking for when they are researching about EE? Can the abstracting form (and the associated database) be used for this and how? (Compare to search engines like ERIC and library catalogues).
4. Sharing the database with WEEB
5. Suggestions for conducting gap analysis and other next steps
NAAEE presentation
Database Maintenance
6. Other goals and initiatives of the research committee
