UWSP STEM Career Day is an event intended to introduce 10th and 11th graders to careers in science and available paths of study at UWSP. This program is meant to serve as a precollege program and enrichment program.

The whole day is jam-packed with hands-on workshops, exhibits, and presentations from faculty who will inspire students' interests in science, technology, engineering, and mathematics.

ONLY \$30.00

FEE INCLUDES LUNCH

Scholarships available (limited number).
See website for more information.
