COACHING 597 GRADUATE PROJECTS

Project #1: Design and present in written form, the offense, defense, and special teams play-book(s) that you intend to use during the upcoming 2008-09 season for your sport of choice. (Grade: Pass/Fail)

Project #2: Design and present in detailed written form, your timetable for the implementation of playbook(s) information presented in project #1. (Grade: Pass/Fail)

Project #3: Design and present, in 5-minute increments, a detailed daily practice schedule that will be used during the pre-season and regular 2008-09 season for skill development, program design implementation, and game plans. (Grade: Pass/Fail)

**********SPECIAL FEATURE**********

Jon Verdegan, UWSP's Weight-Strength Coach/NSC Certified, will meet with each student and help design a 16-week computerized weight-strength program for the sport of choice. This program has been UW-Stevens Point's *"Successful Strategy"* in athlete development for over 20 years. Each student will receive a "CD" copy that will print individualized weight-strength programs. At UWSP, the weight-strength department can run programs for 100 student-athletes in less than an hour and a half. The program design saves you time and motivates your athletes to success.

COACHING 397/597 has access to the "D2L Format System" at UWSP
