

# ONLINE MASTER'S DEGREE IN EDUCATION

## UNIVERSITY OF WISCONSIN - STEVENS POINT SCHOOL OF EDUCATION

The UWSP School of Education online Master of Science - General program is designed for currently certified teachers who want an advanced program to increase their knowledge and expertise in their particular specialty area.

The online/hybrid course format provides a variety of opportunities through which you may experience online discussions, chats, email, etc., to expand your knowledge and access more specific information about your area of interest.

*Develop a graduate Plan of Study that fits YOUR life & career goals!*

The graduate faculty at the UWSP School of Education realize the many commitments and responsibilities that the dedicated adult learner must coordinate and navigate. The online MSE-General program allows you to achieve excellence in your professional goals.

On the back of this sheet you will find a list of online/hybrid courses from which you may develop your personal Plan of Study; or, you may also incorporate additional graduate learning opportunities in a specialty area. Your advisor can help you identify course options that are relevant to your needs.

### TO APPLY:

Certified, experienced teachers with two or more years of full-time teaching experience may apply to this program.

1. Go to: [www.uwsp.edu/admissions](http://www.uwsp.edu/admissions) (click "apply online") and complete the easy online application to UWSP Graduate School. **\*\*NOTE: Be sure to select Master of Science Education-General on the application.**
2. Submit copies of your professional teaching license/credential, and other documentation attesting to your professional expertise to Dr. Caro.
3. Complete phone interview with Dr. Patty Caro, Director of Graduate Studies.

After acceptance, you will receive a letter outlining additional information required to develop your individualized program of study.
